Slat Walls

Acoustic Slat Wall Panelling

Deanes is one of the largest Hampshire suppliers of acoustic slat wall panels. Slat walls can help create a contemporary feel while also providing acoustic enhancement to any room. Strips of wood fitted onto panelling of sound-proof felt, are easy to maintain and ideal for the minimalist look.

Each panel is constructed of MDF and available in multiple colours to suit any style. Available in heights up to 2.4m and manufactured to accommodate any width we can cater for most requests, including vertical and horizontal use.

Available in 7 colours, which could best suit your new interior project?
